INTRODUCTION

The 57th Annual Report of the Siriraj Cancer Registry 2025, published by the Siriraj Cancer Center, Faculty of Medicine Siriraj Hospital, Mahidol University, provides a comprehensive statistical overview of cancer incidence and demographics. The primary data organized within this report explores distribution patterns across major categories, including the digestive organs, respiratory systems, breast, and male and female genital organs. Furthermore, detailed stratification by age groups facilitates targeted epidemiological insights. Edited by international standards, through collective institutional efforts and interdepartmental consultation, this registry serves as a vital clinical resource for monitoring oncological trends, allocating healthcare resources, and improving patient care strategies.

Epidemiological data indicated that Siriraj Hospital managed 3,247,417 outpatient visits encompassing 523,408 unique patients—a 2.50% year-over-year increase. Within this clinical population, a total of 6,847 new cancer cases were registered, marking a 5.57% decline from the previous year. The distribution of these new cases showed a higher incidence in females, accounting for 3,864 cases (56.43%), compared to 2,983 cases in males (43.57%). The registry maintains high standards for the quality of diagnosis. Out of the total registered new cases, 95.44% (6,535 cases) were confirmed through rigorous histological pathology, ensuring strong diagnostic validity. The remaining 4.56% (312 cases) were diagnosed via clinical and imaging modalities.

This achievement relies heavily on comprehensive data integration from key hospital divisions, including the Medical Record and Medical Information Technology Services, alongside clinical specialties spanning Pathology, Radiology, Surgery, Oncology and various medicine subspecialties. We gratefully acknowledge the data contributions of these departments and the strategic support of the Siriraj Cancer Center Administrative Committee.

Associate Professor Vitoon Chinswangwatanakul MD, PhD

Chairman of Siriraj Cancer Center
